R-1000

#805

SUBJECT: R-1000 MUTING

DATE 2/7/80

Mute circuit:

The R-1000 has a mute circuit for use in combination with a transceiver or transmitter.

The R-1000 RF stage will mute by grounding pin 7 on the remote terminal. (See fig. 3-9)

This information was inadvertently omitted from the Owners Manual, and will be included in Manuals for serial number 0030502 and above.
